# MATCH BRIEFING

Competitors are expected to be familiar with the contents of the current USPSA Rulebook. Competitors are required to read and understand the contents of this Matchbook. For the Purposes of the Match, this Matchbook has the same Force & Effect as the USPSA Rulebook.

**COLD RANGE:** The entire Blue Grass Sportsmen's League facility is a cold range. Firearms may only be handled in designated Safety Areas or under the supervision of a Range Officer.

**SAFETY AREAS:** These will be clearly marked with "Safety Area" signs. You will be able to carry out repairs, do practice draws and dry fire in these areas. Do not handle live or dummy ammunition in any safety area. Magazines or speed loaders can be loaded at the stages or anywhere else, but not in the safety area; doing so will result in a disqualification from the match.

**EYE & EAR PROTECTION:** Eye and ear protection are mandatory for all competitors and staff on all ranges. Eye protection is mandatory for spectators at all ranges.

**HAZARD AREAS:** Climbing on hillsides or berms and walking through wooded areas are not permitted. Children should be closely supervised at all times.

**SHOOTERS MEETING:** All competitors will be required to attend the Shooters Meeting on the morning of the day they are scheduled to compete. **THE SHOOTERS MEETING WILL TAKE PLACE ON EACH COMPETITORS FIRST STAGE OF THE DAY!** Failure to comply with any additional instructions or restrictions that are conveyed at this meeting may result in penalty or disqualification from the match. Absence from these meeting will not be reason for arbitration.

**FIRST AID:** First Aid will be available at the Clubhouse. Please let an RO know if you are having difficulty and need assistance.

**SCHEDULING:** Your squad has assigned times for each stage and lunch. With squads going to lunch at different times, we will keep to the schedule as closely as possible. We hope this will avoid confusion and doesn't overwhelm the staff and vendors that are accommodating lunch for everyone.

# MATCH BRIEFING

**SET STEEL & TAPE TARGETS:** To maintain match efficiency, all competitors in your squad are expected to stay together and help set steel and tape targets on all stages.

**STAGE DIAGRAMS:** The stage diagrams shown in the Matchbook may differ from the actual stages. Please inspect each stage carefully and ask about any changes. If you do not ask, we will assume that you have noted and understood any changes.

**WALLS & VISION BARRIERS:** Unless otherwise specified, all walls and vision barriers are Hard Cover, and go from the ground to the height built and per revised rule 2.2.3.3, any wall, vision barrier, obstacle that its built higher than 6' is considered to continue upwards to infinity unless the written stage briefing states otherwise.

**STAGE WALK-THROUGHS:** On Friday, if no competitors are shooting, preparing to shoot, or scoring the stage, the Range Master has approved registered competitors only to enter or move through the course of fire. On Saturday and Sunday, competitors may only enter or move through the course of fire with prior approval of either the Range Master or the Range Office assigned to that stage. **NO ACTIVATED TARGETS MAY BE HANDLED OR MANIPULATED DURING STAGE WALK-THROUGHS!**

**CHRONOGRAPH:** Report to the Chronograph Station at the assigned time for your squad. Failure to report to Chronograph will result in a zero score for the match.

**CALIBRATION:** If a popper fails to fall when hit, you must challenge the popper during scoring. If the popper fails and requires recalibration, then a reshoot will be required for the Stage.

**ARBITRATION:** Arbitrations are initiated with the presentation of a \$100 cash fee and completed arbitration form to the Match Director or Range Master. Forms are available from the Range Master.

**ALCOHOL:** No alcoholic beverages or non-prescription drugs are to be consumed on the ranges at any time.

# MATCH BRIEFING

**VENDERS & EXHIBITORS:** All vending and sales will take place in the Vendor's Area. Only those companies and individuals who are sponsors, or who have rented table space, will be allowed to trade in this area. Any unauthorized person(s) found trading will be asked to leave the range.

**SCORING:** We will be using Practiscore to score the match. The Range Officer or assistant that is responsible for the scoring device will give competitors an opportunity to review and approve their scores. We will also utilize paper backups for all stages. Please note that if the Range Officer calls a score for a target and that target is subsequently taped before the target can be review by the competitor, the score will stand and won't be available for appeal. Thus, it is highly recommend that each competitor have a proxy present as the Range Officer scores targets. Once scores are officially posted at the end of the match, competitors will be given 1 hour to identify any discrepancies and arbitrate any other issues.
