## Written Stage Briefing

### Bay 4 – The Wildcat

Welcome to Stage 4, the Wildcat

The F4F Wildcat was a carrier based aircraft used primarily in the Pacific Theater in WW2. It was slower, less maneuverable and had a shorter range than the Japanese Zero, but it maintained an excellent kill ratio by being so tough it was hard to shoot down. More than 7,860 Wildcats were built.

The Thunderbolt is brought to you by \_\_\_\_\_.

#### **Description:**

The Wildcat is a 24 round, Comstock, course of fire. There are 12 USPSA targets. The best 2 hits per paper target count for score.

#### **Starting Position:**

##### **Start Position:**

Handgun: Standing on marks inside shooting area, facing downrange. Handgun is loaded and holstered. Hands relaxed at side, wrists below belt.

PCC: Standing on marks inside shooting area. PCC is loaded, stock touching belt, muzzle downrange, but parallel to one of the two rear walls.

#### **Stage Procedure:**

On start signal, engage targets as they become available from within the shooting area.

Are there any questions?

You have three minutes to examine the stage.

As a reminder, if you are not the next shooter or the shooter who has just completed the course, please help in resetting the stage. It will make for a better day for everyone.
