Written Stage Briefing

Bay 6 – The Corsair

Welcome to Stage 6, the Corsair

The F-4U Corsair never succeeded in its intended role as a carrier based fighter bomber. Instead it became a highly effective land based aircraft, as evidenced by the success of such legends as Maj. Gregory “Pappy” Boyington. These aircraft remained in service into the 1960s and was the first piston-engine aircraft to down a MiG-15 jet in air-to-air combat. 12,500 were manufactured.

The Corsair is brought to you by _____.

Description:

The Corsair is a 28 round, Comstock, course of fire. There are 14 USPSA targets. The best 2 hits per paper target count for score.

Starting Position:

Start Position:

Handgun: Standing on marks outside of shooting area. Handgun is loaded and holstered. Both hands touching mark on wall.

PCC: Standing on marks outside of shooting area. PCC is Loaded with safety on, stock touching belt, muzzle touching bottom of wall directly beneath marks.

Stage Procedure:

On start signal, engage targets as they become available from within the shooting area. Note: the “Range Officer Only” passageway is OUT OF BOUNDS for competitors. It is intended ONLY to facilitate more effective operation of the stage. DO NOT USE this passage during the course of fire.

Are there any questions?

You have three minutes to examine the stage.

As a reminder, if you are not the next shooter or the shooter who has just completed the course, please help in resetting the stage. It will make for a better day for everyone.
